The Harbour 2 Series offers all the performance and features of Tauten Series, in an in-ceiling cabinet, easy to install with threaded rods included. The Harbour 2 Series will completely disappear into a ceiling with the touch of a button, while still offering the best video performance in its class. All screen materials have been engineered to perform best in colour reproduction and uniformity. All screens have been optimized for 4K, 1080p, LED, lamp based, and laser projectors.
